Auditor's report and auditor (factual section; no alert)

Auditor's report: Com Ressalva (qualified).
Excerpt checked literally: "Em nossa opinião, exceto pelos possíveis efeitos, se houver, do assunto mencionado no parágrafo Base para opinião com ressalva, as demonstrações financeiras acima referidas apresentam adequadamente, em todos os aspectos relevantes, a posição patrimonial e financeira da Hercules S.A. - Fábrica de Talheres em 31 de dezembro de 2013, o desempenho de suas operações e os seus fluxos de caixa para o exercício findo naquela data, de acordo com as práticas contábeis adotadas no Brasil."
Auditor in the 2021 FCA: Baker Tilly Brasil RS Auditores Independentes Sociedade Simples.
Auditor in the 2022 FCA: Baker Tilly Brasil RS Auditores Independentes Sociedade Simples, Taticca Auditores Independentes S.S.
Auditor in the 2023 FCA: Baker Tilly Brasil RS Auditores Independentes Sociedade Simples, Taticca Auditores Independentes S.S.
Auditor changes (one line per change, canonical name by the firm's CVM code):

- 2012: Grant Thornton Auditores Independentes -> KPMG Auditores Independentes. The outgoing firm audited 3 consecutive fiscal years (2009 to 2011), by the start and end dates in the FCA.
- 2017: KPMG Auditores Independentes -> Baker Tilly Brasil RS Auditores Independentes Sociedade Simples (transition: two firms in the 2017 FCA). The outgoing firm audited 5 consecutive fiscal years (2012 to 2016), by the start and end dates in the FCA. The change coincides with the end of the 5-fiscal-year term and is compatible with the rotation rule (art. 31 of CVM Instruction No. 308/1999, in force when the new firm started).
- 2022: entry of Taticca Auditores Independentes S.S, with no other firm leaving.

Auditor rotation: under CVM Resolution No. 23/2021, art. 31, the same independent auditor may not serve the same client for more than five consecutive fiscal years, with a minimum interval of three fiscal years before being hired again; under art. 31-A, the term is up to ten consecutive fiscal years when the company has a statutory audit committee in permanent operation and the auditor is a firm. The Resolution has been in force since 2021-04-01 (art. 41); before that, the equivalent rule was in arts. 31 and 31-A of CVM Instruction No. 308/1999, revoked by the Resolution (art. 40, I). A change of auditor is a fact, not an alert.

Auditor's report
Type of opinion: qualified
- [basis for the opinion] “Base para opinião com ressalva Conforme mencionado na nota explicativa 9, a Companhia mantém saldos contábeis passivos e de resultado relativos às suas obrigações fiscais, incluindo obrigações sociais. Os valores apresentados pelos órgãos fiscais, relativos aos impostos a recolher apresentam divergências em relação aos saldos contábeis da Companhia. A Companhia está em processo de revisão dos saldos tributários divergentes com as posições dos órgãos fiscais e outras apurações dos valores devidos, que envolvem um volume significativo de processos, informações de terceiros e estudos da legislação para a apuração dos saldos finais, e estas não foram finalizadas até a conclusão da nossa auditoria. Consequentemente, não nos foi possível concluir se eventual ajuste seria necessário nos ativos, passivos e no resultado do exercício como resultado da resolução deste assunto.” (original excerpt in Portuguese)
- [emphasis of matter] “Ênfase Continuidade operacional e debêntures a pagar a empresa relacionada Sem ressalvar nossa opinião, chamamos a atenção para o fato de que a Companhia incorreu em prejuízo líquido de R$ 33.866 e possui um passivo a descoberto (patrimônio líquido ativo) de R$ 414.127 mil em 31 de dezembro de 2013. Além disso, possui debêntures a pagar a empresa relacionada nos valores de R$ 960 mil e R$ 388.047 mil, demonstrados no circulante e não circulante, respectivamente bem como passivo tributário em processo de revisão conforme nota explicativa 9. Essas condições indicam a existência de incerteza significativa que pode levantar dúvida quanto à capacidade de liquidação saldo de debêntures a pagar e da continuidade operacional da Companhia. A continuidade operacional da Companhia depende do sucesso da administração na implementação de plano de reestruturação descrito na nota explicativa 2.” (original excerpt in Portuguese)

Limits of this section:
- In real documents, about 22% of the excerpts come out omitted by the name detector, including names of companies outside the registry.
- In tables, header lines (years, column titles) may come out as excerpts; the held-out cases had no tables with multi-line headers.

How the engine was tested

In study 1, engine v1 detected 7 of 13 detectable cases, with 108.3 false alarms per detected case over the whole period and an alert rate of 49.9% among evaluated non-financial company-years (docs/summary.md).

Limits

- No alert is not a clean bill of health. In Dechow, Sloan and Sweeney (1995), the most powerful accruals model rejected 'no manipulation' for only 28.1% of 32 companies sanctioned by the SEC (Table 7, p. 32).
- In study 1, 49.9% of evaluated non-financial company-years (48.3% including financial companies) were in alert, and the number of detections did not beat chance in a descriptive test done after the result: 7 detections in 13 detectable cases, against 7.37 expected by chance without assuming independent years (8.56 assuming independent years).
- Risk models use numbers that may be manipulated (Pereira and Martins 2015, p. 29). That is why the three families are not added up.

Limitations

- Context indicators (Altman Z'' and Piotroski F) were not validated in Brazil by this project and do not trigger alerts
